Learn to tell the time - the easy way!

The simplest time teaching system for children

'EasyRead Time Teacher has completely changed our children's understanding of time. We have clocks in the playground and every day, a boy and girl wear a watch and the teacher asks them the time through the day. I really like the 'To' and 'Past' as it is very visual.'

OUR TEACHING METHODS

Method One: 'Past & To'

Learn to tell the time in
minutes past and to
the hour in 3 easy steps

- 1 Read the number at the end of the long hand (the minute hand)
- 2 Say which side it's pointing to:
"minutes to" red side
"minutes past" blue side
- 3 Read the number at the end of the short hand (the hour hand)

Say it like this:
'8... minutes to... 2'

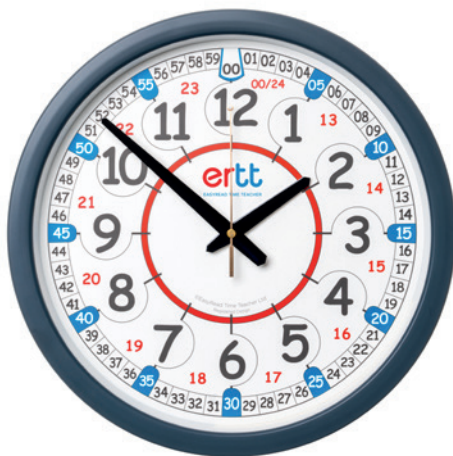

Method Two: '12/24 Hour'

- 1 Read the number in the section at the end of the short hand (the hour hand)
- 2 Read the number at the end of the long hand (the minute hand)

Say it like this: '1:52'

For 24 hour time say 13:52
after midday
